# HIGHLIGHTS FROM OUR 2023 SEASON

## UPDATES TO VISITOR EXPERIENCES THIS SUMMER

We made a few minor changes to our exhibits, including the addition of various family bibles to our three churches display, which left room for us to add this Andrews family wedding dress to our cabinet of items from Mahone Bay's European settlers. Click the photo to learn more on our Facebook page.

We added Temperance Certificates and information to our Rum-Running display. For more information, click the image.

We welcomed back John from South Shore Ship Modellers Guild to work at the museum once a week this summer on a model of a local vessel. It was great to see his progress every week!

Lyne recorded behind the scenes videos talking about her work during "Tea Time with Lyne". Click the image to watch them on Facebook or find us on Youtube @MahoneBayMuseum

## PAST EVENTS

Our volunteers organized our Annie's Attic Yard Sale during the Scarecrow Festival. Thank you to all the donors, buyers, and volunteers who helped us raise over \$6,000!

## FREE KIDS ACTIVITIES

We hosted fun free activities for the Scarecrow Festival!

Our Home & Garden Tour returned to in person this year and move to an earlier June date to catch the blooms at their best and encourage visitors to come to Mahone Bay before the busy July and August months!
